

Ethical Considerations in Long-Term Care

November 6, 2024 12–3:15 p.m. CT

In this session, practical information about ethics is provided from a clinical perspective. Core ethical principles as they relate to health care and senior care are reviewed. This webinar will equip you with the essential principles and practical models to analyze and resolve the ethical dilemmas that can arise in senior care settings. The course applies models for analyzing and resolving ethical dilemmas in health care including CELIBATE, RIPS, and the Rest Four Component Model. Through engaging case studies, you'll gain the expertise to uphold the highest standards of care and meet your ethical obligations with confidence.

- State basic principles of ethics and their application to legal responsibilities in health care.
- Describe common ethical issues in health care, including that which is considered unethical and/or unlawful by credentialing boards.
- Discuss the application of ethical models for analyzing and resolving ethical dilemmas in health care.

Event Schedule

November 6, 2024 | 12–3:15 p.m. CT

**A 15-minute break will be scheduled during this program.

[Register](#)
